Now cross out all of the letters in the grid that match the letters in the names you circled. For example, if you circled **SAL** then you would cross out all of the **S's**, **A's** and **L's** in the grid.

X	T	M	U	L	H	Y	S	C	E
U	S	D	L	C	M	O	A	G	Y
D	C	M	Y	I	S	X	D	L	U
Y	X	I	C	T	L	A	M	S	!

Once you have crossed out all of the matching letters, read the remaining letters from left to right. The letters in each row will form a word, and those words will point you toward the cookie stealing culprit!
