These games are listed subjectively from **easiest to hardest**. We know all kids have **unique strengths** and **varied interests**. We encourage children to **discover the games they enjoy by trying them!**

Mightier has over 20 games, with the goal of having a game for every child, and every type of game player! Like most app games, they are played with simple tapping, dragging or swiping mechanics. We have a wide range of games to capture the attention of our diverse players - from relaxed and strategic to fast and adventurous.

You can find all our games [here](#). Click the icon to learn more about each game, see game tips, and watch a brief video.

Below, you will find the Mightier games listed from easiest to hardest. Additionally, novice- and expert-approved games and game features that might excite or deter your player have been listed. You can also find additional in-game challenges for players who are looking to really test their skills.

Most players do not need guidance and will find games they enjoy by playing. Discovery is an important part of the Mightier journey. This is only meant to serve as a guide and to help provide guidance and context if your child is struggling to find a game they enjoy. We know all kids have unique strengths and varied interests. We encourage children to discover the games they enjoy by trying them!
